## Diocese of Phoenix and Department of Catholic Schools Mission Statement

The Diocese of Phoenix engages in the faith formation of the young through Catholic Schools by integrating faith throughout an educational process that promotes academic excellence, moral values and lifelong service.

### Our Lady of Joy Preschool Mission Statement

To provide quality Catholic education in a faith-filled environment serving the community as one family in the body of Christ. We are fostering active Christians, lifelong learners, effective communicators, responsible citizens, and self-aware individuals.

### Our Lady of Joy Preschool Philosophy

Because our children are our hope and joy, the future of the Church and society, the Church joins with parents, the primary educators in placing the child at the center of the educational process, which promotes academic excellent, moral values and fosters lifelong service.

Because each child needs the values and traditions of the community, the school will impart an understanding of the Catholic faith, doctrine, and mora perspectives, afford participation in a worshipping faith community and foster the responsibility for service.

Because each child is part of the Church and society beyond the school and home, the school will support and foster participation in the parish, Diocese, and the larger world community.

Because each child needs examples, in the school and in the home, teachers and parents must model their faith.

Because each child must be able to make informed decisions and to live according to Christian principles, the school must encourage self-discipline, self- respect, and respect for others.

Because each child needs a strong and caring environment of learning, the school, like the home must be supportive yet not enabling, loving yet disciplined, encouraging yet challenging.

Because each child needs knowledge and skills for today's and tomorrow's world, the school will provide opportunity and high expectations for learning and will develop the potential of each child spiritually, academically, socially, emotionally, and physically.

## Instructional Program

Curriculum is the plan for learning which identifies the student's interactions with content, materials, resources, and social interaction with their classmates. Our Lady of Joy Preschool is unique in that we are not a daycare or a childcare, but a school. Our teachers teach an academic program that includes handwriting, math, science, literacy, faith instruction and social and emotional development activities. A combination of teacher directed and child- selected activities are offered within a daily schedule.

## Parent Teacher Conferences

The teachers hold parents' teacher conferences twice during the school year. One in November/December and the other in April/May. An assessment will be done on the student covering topics such as letters, sounds, positions, small motor skills, social and emotional gains

to name a few. This is a great time to see how far your child has come in the preschool classroom and brainstorm on ways to further their education at home.

## Communication with Families

We believe it is essential to have good communication between parents, teachers, and administration. This communication is accomplished through:

- Daily folders. Special events flyers, class newsletters, students work will be in this folder. Please check each day for information.
- Emails from the office and parish.
- Face to face conversations after dropping off and before pick up.

## Religious Program

Catechesis of the Good Shepherd is a faith formation experience for children ages 3-12 years of age. We are blessed to have a Level 1 CGS program inside our preschool that the students attend each week for approximately 1.5 hours. It is based on the belief that young children can and do experience God. The classroom is held in the preschool in the Atrium, next to the Junior Library. Children use hands on materials to explore and reflect on scripture, prayer, and liturgical events. Our Lady of Joy Preschool intertwines the experience in the Atrium with basic Catholic values in each classroom. Each class begin and end in prayer.

## Family Events

- Weekly courtyard prayer
- Trunk or Treat
- The Thanksgiving Giving Plate
- Breakfast with St. Nick
- Donuts with Dad/ Muffins with Mom
- Crowning of Mary
- Water Day
- Preschool graduation prayer service.

## Student Discipline

Discipline of Our Lady of Joy Preschool is to be considered as a n aspect of moral guidance. Evidence of discipline is a legitimate interest of the preschool that extends beyond the

preschool day and beyond the preschool hours. The purposes of discipline are: to provide a classroom situation conducive to learning, to promote good character, create a safe environment for classmates and teacher and to develop positive self-discipline.

To teach self-discipline skills ones must have time, patience and offer consistent guidance. Our policy concerning unacceptable behavior, defined as a behavior that physically, emotionally, or verbally hurts another child or teacher, is to treat the child with respect and dignity while confronting the behavior. We have implemented a preschool wide discipline program that is designed to instill appropriate student conduct and respect in our students. With support from all staff and parents, this program will help students become accountable for their actions and choices and positively affect the learning environment.

## Talk it out Program

The Talk it Out program is a problem-solving method that helps children learn to talk out their conflicts as an alternative to arguing or fighting. When children are taught verbal options for working out their problems at a young age, their language and thinking skills are enhanced, and they are more prepared to deal with conflicts as they grow older. Our Lady of Joy Preschool students use this dialogue and problem-solving strategies. Students are rewarded with positive reinforcement for successfully talking out their problems with peers.

## Student Conduct

Our Lady of Joy Preschool seeks to maintain an environment in the preschool, which is conducive to learning, protecting the safety and welfare of all students and staff.

- Students are expected to behave in such a way that their presence is positive and do not detract from their own education or the education of others.
- Students shall treat teachers and administration, parents and fellow students with dignity and respect and shall behave in such a manner that their presence will contribute to a productive educational environment.
- Student conduct shall always reflect consideration for the rights and privileges of others.
- Students shall maintain high personal standards of courtesy, morality and honesty in the relationship of others.
- Students are expected to be in regular and punctual in attendance.
- No student shall engage in or encourage behavior which disrupts or poses a clear and convincing threat of disruption of the preschool operations or interference with the rights of others or with the ability of the school to provide educational opportunities to other students.

- No student shall engage in bullying behavior in the preschool or church campus. Bullying is defined as any repeated written or verbal expression, physical act or gesture that is intended to cause distress upon one or more students in the preschool environment. The severity and pattern of the bullying behavior shall be taken into consideration when disciplinary decision is made.

Any of the following actions may be taken depending on the severity and frequency of the behaviors:

- Teachers will treat each unacceptable behavior individually. A student may lose a classroom privilege or be asked to take some quiet time until they are ready to return to the classroom activity and make appropriate and respectful choices. The teacher is not required to notify the parents at this level.
- If the behavior is not modified after incorporating the above methods, the teacher will send written notice home (daily folder) describing the behavior.
- The teacher will be contact the parents to describe the behavior and a conference may be scheduled.
- The student will be sent to the Director's office. The student may be asked to return to school when the behavior has changed.
- Unacceptable behavior will result in a conference with parents, teacher, and Director to resolve the problem and create a plan of action or the student may be asked to withdraw from the preschool.

## Parental Expectations

Parental support of the authority of teachers and school staff members is expected to implement the program successfully. All students are expected to follow the behaviors outlined in this handbook while on preschool grounds or while attending any preschool sponsored functions. When clarification of a disciplinary action is necessary, the administration asks that the parents **first** contact the teacher and if further clarification is needed, please contact the Director. We want the absolute best for your child and family, an open line of communication is paramount in continuing a happy and healthy teaching and learning environment. Parents will conduct themselves in a respectful and faith filled manner while on the preschool and church campus.

Party invitations are not to be distributed on school campus unless the entire class is invited. Please be sensitive to this issue and our student's feelings.

## Conflict Resolution Procedures

The staff at Our Lady of Joy Preschool is dedicated to the well-being and development of each of our students and wants to work hand in hand with parents to provide a positive preschool experience. To keep lines of communication open and relationships moving in a positive and productive manner, we ask that parents adhere to the following procedures:

## Who should I talk to?

During the year, questions or concerns about classroom procedures, activities or incidents may occur. Parents are requested to use kindness, grace, and holiness whenever program may arise.

1. If you have a complaint or concern, first and foremost pray about it. Ask God to help you make your complaint in such a way that it will result in the betterment of our school.
2. Complaints or concerns should be expressed first to the individual in question. Please set up an appointment to talk to them privately. Never discuss the teacher, students, families, or the school negatively in the presence of a child or a group of children.
3. Make sure the person to whom you are expressing your concerns to know all the details of the situation, and exactly what you are concerned about and why. Misunderstandings of concerns could lead to further problems and needless heartache.
4. Express your concern only to the person who should hear it. Unnecessary worry, harm and hard feelings result when problems and dissatisfactions are expressed to persons other than those directly involved with the problem.
5. If you cannot work out the situation out between yourself and the person involved, please take the situation to the Director.
