

# 4 REASONS TO CHOOSE OUR LADY OF JOY PRESCHOOL

## A Peaceful Environment

Our teaching style is to love the child first and to foster the love of learning in a faithful environment. Our students safety is our priority. Adhering to the highest standards of health and wellness so that you can rest easy.

## Strong Academics

We are proud to teach nationally acclaimed early childhood curriculum at OLOJ Preschool. Our literacy, handwriting, math and arts program have resulted in students confident and ready for an accelerated kindergarten class.

## Small Class sizes

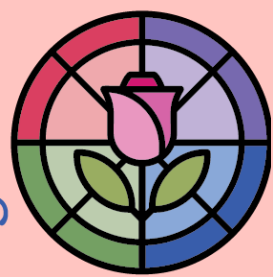

Our PreK and preschool classes are small and personal. We typically have 1 highly qualified teacher to 8-10 students. This allows our teachers to really be involved in each and every students learning process.

## Positive Parent Community

Our families have shared with us that they have made life long friends with families at our school. They gather each week for a courtyard prayer, enjoy coffee and breakfast at our Joyful Grounds coffee shop and grow in their personal faith at OLOJ.
